Primary College Colors

Primary Colors: The Northland College brand uses three primary colors: navy, grey, and orange. It is also acceptable to use solid black and white. In all applications every effort should be made to match these colors as closely as possible. However, in certain situations (i.e. embroidery) it may not be possible to find analogous options. In these cases, we urge you to use black and white rather than adopting a new color.

NORTHLAND COLLEGE NORTHLAND COLLEGE

Primary Logo: The primary Northalnd College logo is available in a long or stacked version. Both versions include blue lettering, optimized for small space digital, and the orange compass point passing through the "O" in Northland. This is the only place where the compass point passes through the body of any letter.

These include onecolor, reversed, and left justified versions as well as versions that include the ® symbol. The ® symbol indicates that the Northland College logo is a registered trademark; this version should be used only in the return address on self-mailing pieces or envelopes. It is unacceptable to present the logo in a color other than blue, white, black, or grey.

Do:

- Use the Northland College logo on your campus documents.
- Choose the version of the logo that best suits your project.
- Use the ® Trademark version in return addresses.

Do NOT:

Print the logo in any color other the perscribed blue, white, black, or grey. The logo should not be printed in solid orange.

Official College Seal

The Northland College Seal: The official Northland College Seal is a circle embossed with "Northland College" and the phrase "A Highway Shall Be There," an excerept from Isaiah 35. Inside the circle is an illustration, based on a glass plate photograph, of Professor Thomas Newton Bobb and student John Brinks cutting wood to heat campus buildings. The use of the seal is reserved for official campus documents (including diplomas, honorary degrees, citations, etc.). It can be embossed, foiled in silver or gold, or printed in black, white, or blue.

4 Northland College Brand Guidelines

Do:

- Use the seal on offical college documents and awards
- Emboss, foil in solver or gold, or print in black, white, or blue.

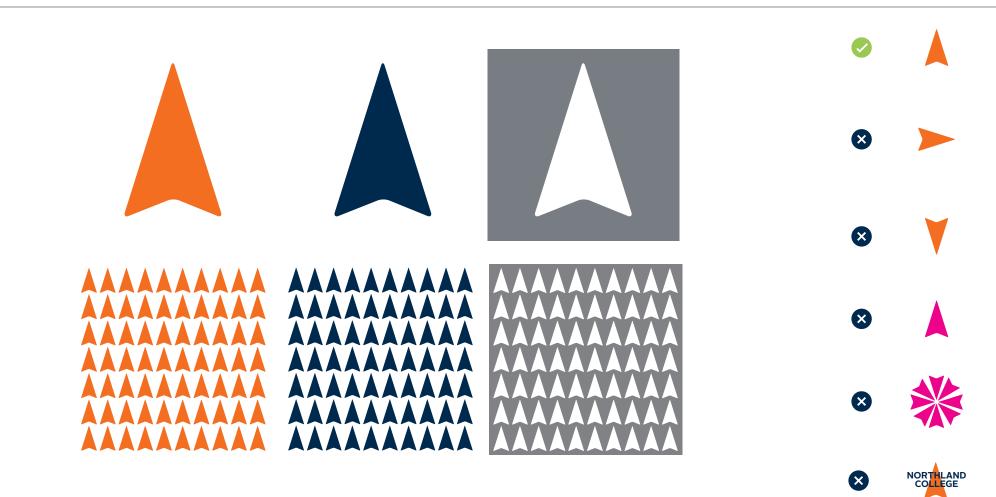

Do NOT:

Suse on casual documents, merchandise, or personal communications.

Solution of the seal.

Compass Point: The compass point—also refered to as the delta—derived from the primary logo, is also the primary graphic asset for the Northland College brand. It can be presented in orange, blue, or white. The compass point should always face the top of the page (north) unless its presented as a part of pattern along with other compass points. The compass point may not be used to replace a bullet or other punctuation mark.

The compass point can be used as an overall pattern in orange, blue, grey or white as shown above.

Alright Sans ABCDEFGHIJKLM NOPQRSTUVWXYZ abcdefghijklm nopqrstuvwxyz 123456789

AdellePE

ABCDEFGHIJKLM NOPQRSTUVWXYZ abcdefghijklm nopqrstuvwxyz 123456789

Fonts: The Northland College brand utilizes two primary fonts for headers, body copy, and URL's: Alright Sans and AdellePE. Each font can be used in a variety of faces including light, regular, medium, semibold, and bold. Both Alright Sans and AdellePE require the purchase of a font license for legal use.

Arial ABCDEFGHIJKLM NOPQRSTUVWXYZ abcdefghijklm nopqrstuvwxyz 123456789

Secondary Font: Because many campus users will not have access to a licensed copy of Alright Sans or AdellePE, we recommend that most campus community members use Arial (also available in multiple faces). Arial is similar in structure and appearance to Alright Sans and is available as a standard option on all campus and most personal computers. In the event that Arial is not available please select a similar easy to read san serif font. Please refrain from using decorative or ornamental fonts for official campus communications.

Do:

- Use Alright Sans, AdellePE, or Arial for all college publications and communications.
- Present text in black, white, navy, grey, or orange depending on placement.

Do NOT:

- Present text in colors other than black, white, navy, grey, or orange (with the exception of hyperlinks in certain placements).
- Solution Distort these fonts to change their appearance.
- Solution Use decorative or ornametrial fonts.
- Suse more than two fonts in any given document.

Do:

Use the athletic logo on your campus documents.

Choose the version of the logo that best suits your project.

Do NOT:

Print the logo in any color other than the colors included in this guide.

S Distort or rearrange the logo.

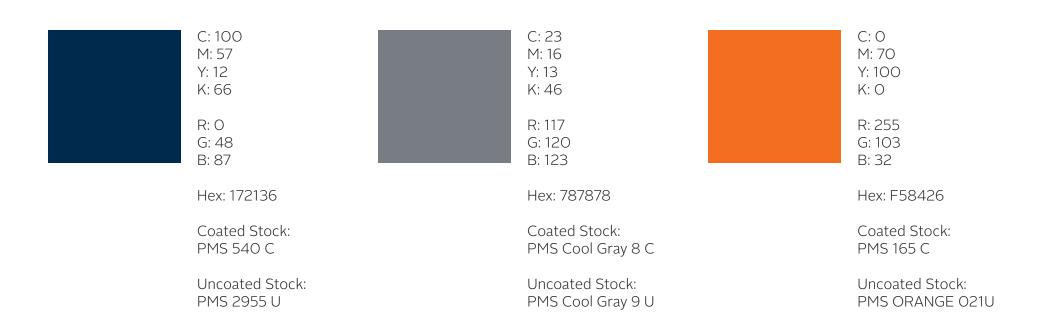

Add icons, illustrations, or clip art to the athletic logo.

SLABBY PRICES (ITALIC) ABCDEFGHIJKLM NOPQRSTUVWXYZ 123456789

Athletic Font: In addition to the Northland College fonts—Alright Sans and AdelePE the athletic brand utilizes Slabby Prices Italic font for team names and headings. This font is intended as an accent and should be used sparingly. Alright Sans (or Arial) should be used for all other text. Avoid using AdellePE in combination with Slabby Prices as the two fonts are too similar for use together.

Primary Colors: The Northland College athletic brand uses the same three primary colors: navy, grey, and orange. These colors are shared with the general Northland College brand. It is also acceptable to use solid black and white. In all applications every effort should be made to match these colors as closely as possible. However, in certain situations (i.e. embroidery) it may not be possible to find analogous options. In these cases, we urge you to use black and white rather than adopting a new color.
