

Northland College

2021 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

Introduction

This report is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as amended. It provides students and employees of Northland College ("College") with information on: the College's security arrangements, policies and procedures; programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally; and procedures the College will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

Policy for Preparing the Annual Report

This report is prepared by the Sherri Karl Venero, Chief Business Officer, in cooperation with local law enforcement authorities and includes information provided by them as well as by the College's campus security authorities and various other elements of the College. Each year an e-mail notification is made to all enrolled students and employees that provides the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting Sherri Karl Venero, Northland College, Brownell Hall, 1411 Ellis Ave., Ashland, WI, 54806. The College is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represent best practices in the field, and are constantly tested and re-evaluated for their effectiveness.

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The College does not have a police department, but it does have a Campus Safety Office that works to promote and provide a safe living, learning, and working environment for the College community.

Criminal incidents are referred to the local police who have jurisdiction on campus. The Campus Safety Office maintains a highly professional and collaborative relationship with the Ashland County Sheriff's Office, Ashland City Police, and other local law enforcement, (without the need for a MOU) which help augment security services on campus.

Campus Security Authorities

The College has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the College's annual report of crime statistics. The campus security authorities to whom the College would prefer that crimes be reported are listed below.

- Campus Safety at 715-682-1399 or 715-209-6971
- Title IX Coordinator at 715-682-1849 or titleix@northland.edu
- Deputy Title IX Coordinators at 715-682-1245, 715-682-1677 or titleix@northland.edu
- Dean of Students at 715-682-1230 or studentlife@northland.edu
- Residential Life at 715-682-1674 or reslife@northland.edu

Reporting a Crime or Emergency

The College encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the College, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so.

- **To reach an outside line from a campus phone, you must first dial 8.**
- All crimes occurring on or near College property should be reported immediately to the Campus Safety Office. The number to contact is 715-682-1399 or 715-209-6971. The office is located on the second floor of Mead Hall, #237.
- For on campus emergencies (police, fire or medical):
 - Dial 9-1-1 from a campus phone
 - Dial 1399 from a campus phone
 - Dial 715-682-1399 or 715-209-6971 from an off campus phone or a cell phone
 - Use the emergency (blue) call boxes located at each Residence Hall
- For off campus emergencies:
 - Dial 9-1-1
- For on campus non emergencies
 - Dial 1399 from a campus phone
 - Dial 715-682-1399 or 715-209-6971 from an off campus phone or cell phone
- Students, staff, and visitors should also report situations to one of the campus security authorities identified above. Once reported, the individual may also be encouraged to report the situation to the appropriate police agency. If requested, a College staff member will assist in making the report to police.
- Anonymous incident reports can also be made by contacting Campus Safety at 715-682-1399 or 715-209-6971 but not providing a name.

Dialing 9-1-1 will initiate a local law enforcement or fire department response. After you contact 9-1-1, we encourage you to call Campus Safety to notify them that you contacted local authorities so that security staff may provide any assistance that is required. If the situation is an emergency and you are in the vicinity of a blue light phone, it can be used to contact Campus Safety or the local police.

When Campus Safety is notified, they will respond to your location, investigate the situation, provide support, file an incident report (when applicable) and assist you with any other needs

you may have as a result. All reports made to Campus Safety will be referred to either the Title IX Office or the Office of Student Affairs for further appropriate next steps. All individuals witnessing a crime will be encouraged to report the incident to local law enforcement. All reports made to Campus Safety will be included in the campus crime log.

Any member of the campus community can file an incident report. Contact Campus Safety at 715-682-1399 or 715-209-6971 to file a report.

Confidential Reporting

The College will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim's identity.

Pursuant to the College's Sexual and Gender-Based Misconduct Policy, when a "mandatory reporter" becomes aware of alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault, and stalking), the employee is responsible for reporting that information, including the status of the parties if known, to the Title IX Coordinator. Other personnel may be allowed to keep such information private, and certain designated confidential resources may not report this type of information, thus allowing the victim to keep the report confidential.

A victim of sexual or gender-based crimes who does not want to pursue action within the College conduct system or the criminal justice system is encouraged to make a confidential report to the Counselor or Student Nurse (Ponzio Campus Center).

A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the University disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. Upon the victim's request, a report of the details of the incident can be filed with the College without revealing the victim's identity. Such a confidential report complies with the victim's wishes, but still helps the College take appropriate steps to ensure the future safety of the victim and others. With such information, the College can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the College.

The College encourages its professional counselors, if and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics. The College does not have pastoral counselors.

Security of and Access to Campus Facilities

All doors leading to the living areas of the residence halls are locked 24 hours a day. Residents are given access to the campus residence halls that they live in via their student ID card. Residents are responsible for their room key/student ID card and for keeping their room door locked. Residents must escort their guests at all times. Maintaining residence hall security is a shared responsibility of all residents. It is a violation of policy if residents are found to be loaning their student ID card or room key to anyone or propping

open a security door. Residents are encouraged to contact Campus Safety and residential life staff if they observe anyone in their living area who is unknown or appears suspicious. Over extended breaks, the doors to all the hall will not be accessible unless the student has received prior permission to stay on campus.

Non-residential campus facilities remain unlocked during the day and into the evening. Some buildings are locked at the end of the work day while others are open until 11 PM. However, hours do vary depending on the use of the building. For questions regarding building accessibility, contact Campus Safety. During non-business hours access to all College facilities is by ID card, by key, or by admittance via Campus Safety. ID cards and keys are not to be shared.

Please remember that doors on campus are not to be propped open. Anyone propping an exterior door open or computer room door without the permission of Campus Safety may be subject to campus discipline.

Keys to the offices, laboratories, and classrooms on campus will be issued to employees only as needed and after receiving the proper authorization. Each department supervisor is responsible for assuring his/her area is secured and locked.

Employee and student identification cards may be used to verify the identity of persons suspected to be in campus facilities without permission.

Security Considerations in the Maintenance of Facilities

The Campus Safety Office works with the Facilities Department to identify maintenance issues on campus that may be safety hazards. Safety checks are completed on a regular and routine basis to identify problematic areas such as, but not limited to street or safety lights that are not functioning properly, to determine if shrubs or other landscaping might need trimming and to ensure that sidewalks and parking lots are cleared of snow and ice. Maintenance personnel regularly check to ensure there is adequate lighting on pathways and that egress lighting is working in hallways and stairwells.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The College seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

Campus Safety at Northland College offers safety training and information sessions to students throughout the year. At informational sessions, students meet the Campus Safety officers and are trained on safety procedures and crime prevention. This includes information about the walking escort service provided by Campus Safety. Additional trainings for the campus community are provided on an as-needed basis. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the safety of others. In addition, information is

available to the campus community through posters, brochures, displays, awareness days, and articles in the student newspaper.

Blue Light Call Boxes: To enhance safety on campus, the College has installed emergency telephones (blue light call boxes) at several campus locations. These blue light call boxes provide callers with the ability to summon help in an emergency and the phones are accessible 24/7. The phone includes an emergency button which immediately summons 911. The phones can also be used to call Campus Safety as well as other numbers on campus.

Blue Light Call Box Locations:

- Fenenga Hall
- McMillan Hall
- Mead Hall
- MELLC (McLean Environmental Living and Learning Center)
- Memorial Hall

Safe Walk Escorts: Campus Safety officers are available to escort students, faculty, and staff between facilities on campus. All campus residents are informed of this service at the initial hall meetings each semester and in numerous campus publications.

Campus Video System: There are several cameras located at key locations across campus to help provide a safer campus environment. The cameras have continuous recording capabilities.

Card Access System: The campus has a card access system that controls entry into campus facilities. The residential halls are locked 24/7 and can only be accessed through the use of the card. Residents have access to on-campus residence hall in which they live. Other facilities are open during daytime hours, and have card access during closed periods for those who are authorized to use the facility.

Safety Tips:

- Travel in pairs at night.
- Make use of the safe walk escort service provided by Campus Safety (x1399) or 715-209-6971.
- Park in well-lit areas at night.
- Notify your residential life staff if you plan to be gone from campus more than 1 day.
- Lock your bicycle.
- Keep all valuables out of sight in your parked vehicle.
- Use locks at all times.
- Do not prop open doors.
- **Keep control of your beverage at all times.**
- **Be aware beverages or food prepared by people who you don't know.**
- Do not give out any personal or financial information over the internet, email, or by telephone without first verifying with the organization requesting the information that the request is genuine.
- If you observe an unknown visitor in your residence hall, notify Campus Safety immediately.

- If your ID card is lost or stolen, notify Campus Safety then visit the ID office to obtain a new ID.
- Have your key or ID card ready as you approach your vehicle or living area.
- When you are out for the evening, let someone know where you are and who you are with and to report it to Campus Safety if you do not return when you have indicated that you would return to campus.
- Be aware of your surroundings. If something doesn't look or feel right, assume that it is not right.

Monitoring Off Campus Locations of Recognized Student Organizations

The College does not have any officially recognized student organizations with off campus locations and therefore does not monitor or record criminal conduct occurring at such locations.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the College will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

Drug and Alcohol Policy

The College is committed to creating and maintaining an environment that is free of alcohol abuse. The College prohibits the possession, use, and sale of alcohol beverage on campus or as any part of the College's activities, unless it is done so in accordance with applicable College policies, and it also enforces the state's underage drinking laws.

The College also enforces federal and state drug laws. The possession, sale, manufacture or distribution of illegal drugs is prohibited on campus or as any part of the College's activities. Violators of the College's policies or federal and state laws regarding illegal drugs will be subject to disciplinary action and possibly criminal prosecution.

Federal Drug Laws

Denial of Federal Benefits (21 U.S.C. § 862) A federal drug conviction may result in the loss of federal benefits, including school loans, grants, scholarships, contracts, and licenses. Federal drug trafficking convictions may result in denial of federal benefits for up to five years for a first conviction. Federal drug convictions for possession may result in denial of federal benefits for up to one year for a first conviction and up to five years for subsequent convictions, successful completion of a drug treatment program, including periodic testing, and appropriate community service, or any combination of the three.

Forfeiture of Personal Property and Real Estate (21 U.S.C. § 853) Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation. A warrant of seizure may be issued and property seized at the time an individual is arrested on charges that may result in forfeiture.

Federal Drug Trafficking Penalties (21 U.S.C. § 841) Penalties for federal drug trafficking convictions vary according to the type and quantity of the controlled substance involved in the transaction. Penalties for subsequent convictions are more severe.

In the case of a controlled substance in schedule I or schedule II, GHB, or flunitrazepam, a person shall be sentenced to a term of imprisonment of not more than 20 years. If death or serious bodily injury results from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces the possibility of a life sentence and fines ranging up to \$10 million.

In the case of a controlled substance in schedule III, a person shall be sentenced to a term of imprisonment of not more than 10 years, and if death or serious bodily injury results, shall be sentenced to a term of imprisonment of not more than 15 years or a fine not to exceed \$500,000, or both, for a first offense.

For less than 50 kilograms of marijuana, the term of imprisonment shall not be more than five years, and the fine shall not be more than \$250,000, or both, for a first offense.

In the case of a schedule IV substance, the term of imprisonment shall not be more than five years, and the fine shall not be more than \$250,000, or both, for a first offense.

Persons convicted on federal charges of drug trafficking within 1,000 feet of an elementary school, secondary school, college, or university (**21 U.S.C. § 860**) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least one year, unless the offense involves five grams or less of marijuana.

Federal Drug Possession Penalties (21 U.S.C. § 844) Persons convicted on federal charges of possessing any controlled substance face penalties of up to one year in prison, a mandatory fine of no less than \$1,000, or both. Second convictions are punishable by not less than 15 days but not more than two years in prison and a minimum fine of \$2,500. Subsequent convictions are punishable by not less than 90 days but not more than three years in prison and a minimum fine of \$5,000.

Ann. § 346.93.</i></p>
Driving Under the Influence (DUI)	<p>It is illegal for a person to drive or operate a motor vehicle with a blood alcohol concentration of 0.10% or more, or 0.10 grams or more of alcohol in 210 liters of breath. <i>See Wis. Stat. Ann. § 346.63.</i> A first offense results in a fine of \$150-\$300 and suspension of driver’s license from 6–9 months. A second offense within five years results in a fine of \$300-\$1,000, suspension of driver’s license for 12–18 months, and imprisonment for 4 days to 6 months. The penalties increase for additional offenses. <i>See id.</i></p>

Drug and Alcohol Abuse Prevention Program

In compliance with the Drug Free Schools and Communities Act (DFSCA), the College has a drug and alcohol abuse prevention program, which includes an annual notification to students and employees regarding certain drug/alcohol-related information (such as legal sanctions for violations of applicable laws, health risks, etc.) and a biennial review of this program to evaluate its effectiveness and assess whether sanctions are being consistently enforced. For more information, see below.

- Alcohol and Drug Policy: <https://my.northland.edu/student-policies/student-rights/>

- Controlled Substance Policy: <https://my.northland.edu/student-policies/student-rights/>
- Northland has a separate employee-focused Alcohol and Drug Policy and Drug-free Workplace Policy, which can be found in the College-wide Employment-related Policies handbook and in the Staff Handbook.
- Information regarding the biennial review of the College's drug and alcohol abuse prevention program can be obtained by contacting the Office of Student Affairs.

Policies, Procedures, and Programs Related to Dating Violence, Domestic Violence, Sexual Assault, and Stalking

Consistent with applicable laws, the College prohibits dating violence, domestic violence, sexual assault, and stalking. The College's policy used to address complaints of this nature, as well as the procedures for filing, investigating and resolving complaints, may be found at:

- Sexual & Gender-Based Misconduct Policy: <https://my.northland.edu/student-policies/student-rights/#gender>
- [Grievance Process for Alleged Violations of the Sexual and Gender-Based Harassment Policy: https://my.northland.edu/wp-content/uploads/sites/2/2021/02/NC-Grievance-Process-for-Sexual-and-Gender-Based-Misconduct-V4-FINAL-2.23.2021.pdf](https://my.northland.edu/wp-content/uploads/sites/2/2021/02/NC-Grievance-Process-for-Sexual-and-Gender-Based-Misconduct-V4-FINAL-2.23.2021.pdf)

The following sections of this report discuss the College's educational programs to promote the awareness of dating violence, domestic violence, sexual assault and stalking; provides information concerning procedures students and employees should follow and the services available in the event they do become a victim of one of these offenses, and advises students and employees of the disciplinary procedures that will be followed after an allegation that one of these offenses has occurred.

Primary Prevention and Awareness Program:

The College conducts a Primary Prevention and Awareness Program (PPAP) for all incoming students and new employees. The PPAP advises campus community members that the College prohibits the offenses of dating violence, domestic violence, sexual assault and stalking. They are also informed of the topics discussed below, including relevant definitions, risk reduction, and bystander intervention.

Crime Definitions

Crime Type (Wisconsin Statutes)	Definitions
Dating Violence	The institution has determined, based on good-faith research, that Wisconsin law does not define the term dating violence.
Domestic Violence	The institution has determined, based on good-faith research, that Wisconsin law does not define the term domestic violence. However, Wisconsin law defines the following in its criminal statutes:

Crime Type (Wisconsin Statutes)	Definitions

Crime Type (Wisconsin Statutes)	Definitions
Consent (as it relates to sexual activity)	<p>Under Wis. Stat. § 940.225(4), "consent" means words or overt actions by a person who is competent to give informed consent indicating a freely given agreement to have sexual intercourse or sexual contact. Consent is not an issue in alleged violations of sub. (2) (c), (cm), (d), (g), (h), and (i) [of the sexual assault laws set forth at Wis. Stat. § 940.225]. The following persons are presumed incapable of consent but the presumption may be rebutted by competent evidence, subject to the provisions of s. 972.11(2): (b) A person suffering from a mental illness or defect which impairs capacity to appraise personal conduct; (c) A person who is unconscious or for any other reason is physically unable to communicate unwillingness to an act.</p> <p>Also, under Wis. Stat. § 939.22(48), "without consent" means no consent in fact or that consent is given for one of the following reasons: (a) Because the actor put the victim in fear by the use or threat of imminent use of physical violence on the victim, or on a person in the victim's presence, or on a member of the victim's immediate family; or (b) Because the actor purports to be acting under legal authority; or (c) Because the victim does not understand the nature of the thing to which the victim consents, either by reason of ignorance or mistake of fact or of law other than criminal law or by reason of youth or defective mental condition, whether permanent or temporary.</p>

College Definition of Consent

The College uses the following definition of consent in its Sexual and Gender-Based Misconduct Policy for the purpose of determining whether sexual misconduct has occurred:

- **Consent** is:
 - knowing, and
 - voluntary, and
 - clear permissions
 - by word or action
 - to engage in sexual activity.
- Individuals may experience the same interaction in different ways. Therefore, it is the responsibility of each party to determine that the other has consented before engaging in the activity.
- If consent is not clearly provided prior to engaging in the activity, consent may be given by word or action at some point during the interaction or thereafter, but clear communication from the outset is strongly encouraged.
- For consent to be valid, there must be a clear expression in words or actions that the other individual consented to that specific sexual conduct. Reasonable reciprocation can be implied. For example, if someone kisses you, you can kiss them back (if you want to) without the need to explicitly obtain their consent to being kissed back.
- Consent can also be withdrawn once given at any time during the duration of any activities. If consent is withdrawn, that sexual activity should cease immediately.

- Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse). A current or previous intimate relationship is not sufficient to constitute consent.
- Proof of consent or non-consent is not a burden placed on either party involved in an incident. Instead, the burden remains on the College to determine whether its policy has been violated. The existence of consent is based on the totality of the circumstances evaluated from the perspective of a reasonable person in the same or
- Similar circumstances, including the context in which the alleged incident occurred and any similar, previous patterns that may be evidenced.
- Consent in relationships must also be considered in context. When parties consent to BDSM (bondage, discipline/dominance, submission/sadism, and masochism) or other forms of kink, non-consent may be shown by the use of a safe word. Resistance, force, violence, or even saying “no” may be part of the kink and thus consensual, so the College’s evaluation of communication in kink situations should be guided by reasonableness, rather than strict adherence to policy that assumes non-kink relationships as a default.

Risk Reduction

Risk reduction tips can often take a victim-blaming tone, even unintentionally. With no intention to victim-blame, and with recognition that only those who commit sexual violence are responsible for those actions, these suggestions may nevertheless help you to reduce your risk of experiencing a non-consensual sexual act. Suggestions offered:

- Make any of your limits known as early as possible.
- Tell a sexual aggressor "NO" clearly and firmly.
- Try to remove yourself from the physical presence of a sexual aggressor.
- Find someone nearby and ask for help.
- Take affirmative responsibility for your alcohol intake/drug use and acknowledge that alcohol/drugs lower your sexual inhibitions and may make you vulnerable to someone who views a drunk or high person as a sexual opportunity.
- Take care of your friends and ask that they take care of you. A real friend will challenge you if you are about to make a mistake. Respect them when they do.
- Be aware of someone trying to slip you an incapacitating “rape drug” like Rohypnol or GHB.

If you find yourself in the position of being the initiator of sexual behavior, you owe sexual respect to your potential partner. These suggestions may help you to reduce your risk for being accused of sexual misconduct:

- Clearly communicate your intentions to your sexual partner and give them a chance to clearly relate their intentions to you.
- Understand and respect sexual boundaries.
- **DON'T MAKE ASSUMPTIONS** about consent; about someone's sexual availability; about whether they are attracted to you; about how far you can go or about whether they are physically and/or mentally able to consent. If there are any questions or ambiguity then you **DO NOT** have consent.
- Mixed messages from your partner are a clear indication that you should stop, defuse any sexual tension and communicate better. You may be misreading them. They may not have figured out how far they want to go with you yet. You must respect the

timeline for sexual behaviors with which they are comfortable. Don't take advantage of someone's drunkenness or drugged state, even if they did it to themselves.

- Realize your potential partner could be intimidated by you, or fearful. You may have a power advantage simply because of your gender or size. Don't abuse that power.
- Understand that consent to some form of sexual behavior does not automatically imply consent to any other forms of sexual behavior.
- Silence and passivity cannot be interpreted as an indication of consent. Read your potential partner carefully, paying attention to verbal and non-verbal communication and body language.

Bystander Intervention

In addition to reporting incidents to appropriate authorities, below are some ways in which individuals can take safe and positive steps to prevent harm and intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking against another person.

- Look out for those around you.
- Realize that it is important to intervene to help others.
- Treat everyone respectfully. Do not be hostile or an antagonist.
- Be confident when intervening.
- Recruit help from others if necessary.
- Be honest and direct.
- Keep yourself safe.
- If things get out of hand, don't hesitate to contact Campus Safety or the police.

Other Information Covered by the PPAP

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

Ongoing Prevention and Awareness Campaign:

The College also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

The PPAP and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the College. Methods include, but are not limited to: presentations, online training modules, distribution of written materials, periodic email blasts, and guest speakers. A summary of this programming is provided below.

- New students receive education during the Northland Highways (first year experience) course on the prevention of dating violence, domestic violence, sexual assault, and stalking through presentation(s) by key campus constituents. Training on bystander intervention is also provided at this time. All new employees are required to complete an online training module on these topics upon hire and are required to retake online training each year.
- As part of its ongoing campaign, the College uses a variety of strategies, such as in-person presentations by sexual assault organizations, emails blasts with pertinent information, portal announcements, etc. While programming occurs throughout the year, the College also offers educational sessions and literature in coordination with nationally recognized observances such as Sexual Assault Awareness Month and Domestic Violence Awareness Month.
- Specific programming provided during 2020 included:
 1. *Coffee Chat: The Mechanics of Title IX on Campus – January 16, 2020*
 2. *Bullied with Jamie Nabozny – February 18, 2020*
 3. *The Hook Up (film screen and interactive discussion with a cathartive actor) – March 12, 2020*
 4. *RA Training – August 2020 (Title IX)*
 5. *Sustainable Sex Night – October 2020 (Eco Reps & Feminist Coalition)*
 6. *Safety Expo – October 2020 (Student Affairs & Title IX)*
 7. *Title IX: Regs & Resources Panel Discussion – November 2020 (Title IX)*

Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

If you are a victim of dating violence, domestic violence, sexual assault, or stalking, go to a safe place and call 911 or Campus Safety at 715-682-1399 or 715-209-6971. You may also contact a Title IX Coordinator by email at titleix@northland.edu or by phone:

- Title IX Coordinator, Sue Niemi, 715-682-1849
- Deputy Title IX Coordinator, Mackenzie Sexton, 715-682-1245
- Deputy Title IX Coordinator, Brock Splittgerber, 715-682-1677

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.

4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. Don't bathe or wash, or otherwise clean the environment in which the assault occurred. You can obtain a forensic examination at Memorial Medical Center; 615 Maple Lane, Ashland, WI 54806; 715-685-5500.

Completing a forensic examination does not require you to file a police report, but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Security/Law Enforcement & How to Make a Police Report

- Campus Safety; 715-682-1399 or 715-209-6971
- Ashland Police Department, 601 W. Main Street, Ashland, WI 54806; 715-682-7062; Emergency: 911
- To make a police report, a victim should contact the local police agency listed above either by phone or in-person. The victim should provide as much information as possible, including name, address, and when and what occurred, to the best of the victim's ability.

Information about Legal Protection Orders

In Wisconsin, victims may obtain a restraining order, which provides protective relief for victims of domestic violence, stalking, or sexual assault. Information about restraining orders may be found at: <https://www.doj.state.wi.us/ocvs/victim-rights/restraining-orders>.

The process is started by filing a petition for a temporary restraining order (TRO) with the court. Once a TRO petition is filed, the court decides whether or not to issue a TRO based on the information provided. If the court grants the TRO, the court will schedule an injunction hearing within 14 days, at which it is determined whether a final order of protection will be granted. Orders of this nature can be granted for up to 4 years.

- A petition can be filed with the Clerk of the Circuit Court of Ashland County at 201 W Main Street, Ashland, WI 54806 (715-682-7016). More information is available at: https://co.ashland.wi.us/circuit_court.
- The court can provide necessary forms, which are also found online at: <https://wicourts.gov/forms1/circuit/formcategory.jsp?Category=4>.

- Additional information regarding restraining orders in Wisconsin can be found at: <https://s3.us-east-2.amazonaws.com/wcasa/old-website-resources/Restraining%2BOrders%2Bfor%2BSexual%2BAssault%2BVictims2014.pdf>.

When a protection order is granted, it is enforceable statewide. If you have obtained a protection order and need it to be enforced in your area, you should contact the local police department.

The College will also enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or employee who has a protection order or no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be kept on file with the institution and can be enforced on campus, if necessary. Upon learning of any orders, the College will take all reasonable and legal action to implement the order.

The College does not issue legal orders of protection. However, as a matter of institutional policy, the institution may impose a no-contact, no-communication order between individuals in appropriate circumstances. The institution may also issue a “no trespass warning” if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

Available Victim Services:

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the College and in the surrounding community. Those services include:

College Resources

- Northland Health Services: 715-682-1340 (<https://www.northland.edu/campus-life/services/health/>)
- Northland Counseling Services: 715-682-1369 (<https://www.northland.edu/campus-life/services/counseling/>)
- Student Welfare Coordinator: 715-682-1236
- Employee Assistance Program - contact Human Resources for more details (715-682-1841)
- Student Services – Sometimes a victim of a crime may feel the need to take a leave of absence from school. Information about an academic leave of absence can be found at <https://my.northland.edu/student-policies/academic-policies/>. If a student is considering a leave of absence based on the circumstances of a complaint, they should understand there may be financial aid implications in taking such leave. For further information, please contact the Registrar's office at 715-682-1227 or Financial Aid at 715-682-1255.

State/Local Resources

- Advocacy Assistance - Both Ashland County Sheriff's Department and the Center Against Sexual and Domestic Abuse (CASDA) have advocates available.
 - The CASDA Advocate is available to accompany you to the hospital, to the police department, to be with you when you talk to the police officers, or to provide you with guidance and support if you are the victim of sexual violence. CASDA can be reached at 1-800-649-2921. More information is available at: <https://casda.org/>.
 - The Victim Witness Advocate for Ashland County can be contacted in the Assistant District Attorney's Office during business hours (9 am - 5 pm) at 715-682-7019. The advocate can provide you with referral information and can also be a link between you and the legal system.
 - New Day Advocacy Center: Emergency assistance to victims of sexual assault and domestic violence, 24-hours crisis line, temporary housing and food, supportive counseling, advocacy services, 7 days/week, 365 days/year. Accommodations and Protective Measures:

The College will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations or protective measures. If victims request these accommodations or protective measures and they are reasonably available the College is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement.

The College will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the College's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measure. Such decisions will be made by the College in light of the surrounding

circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the College will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

When determining the reasonableness of such a request, the College may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations
- Any continuing effects on the complainant
- Whether the complainant and alleged perpetrator share the same class or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

Procedures for Disciplinary Action:

Allegations of dating violence, domestic violence, sexual assault or stalking will be processed through the College's Sexual and Gender-Based Misconduct Policy and the related Sexual and Gender-Based Grievance Process. The complaint resolution procedures are invoked once a report is made to one of the following individuals:

Title IX Coordinator

Title IX Grievance Process ("Process A")

Upon receiving a complaint, the College will conduct a preliminary inquiry to determine whether to commence a formal investigation, and, if appropriate, conduct a threat assessment. A decision not to pursue a formal investigation may be appropriate when: (1) the complaint and information provided by the parties are insufficient to initiate an investigation; (2) the complainant has requested no action and it is concluded that this request may be honored; (3) the complaint and information provided by the parties do not allege conduct that violates the Gender-Based Misconduct Policy; or (4) the complaint and information provided by the

parties involve only matters for which the College does not have jurisdiction. The preliminary inquiry shall be conducted promptly, typically within ten (10) business days of receiving the complaint.

Upon commencement of the Formal Grievance Process, written notification will be provided to the parties. The notice will include a summary of the allegations, the identity of the parties involved, the specific section of the policy allegedly violated, and the conduct allegedly constituting the potential violation, and the date and location of the alleged incident.

During the investigation, the complainant and respondent will each have an equal opportunity to describe the situation and present witnesses and other supporting evidence. The investigator will review the statements and evidence presented and may, depending on the circumstances, interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint. Upon completion of the investigation the investigator will prepare a draft investigation report, gathering, assessing, and synthesizing evidence.

Prior to the conclusion of the investigation, the investigator will provide the parties and their respective Advisors (if so desired by the parties) a secured electronic or hard copy of the draft investigation report as well as an opportunity to inspect and review all of the evidence obtained as part of the investigation that is directly related to the reported misconduct, including evidence upon which the College does not intend to rely in reaching a determination, for a ten (10) business day review and comment period so that each party may meaningfully respond to the evidence. The parties may elect to waive the full ten days.

The Investigators will incorporate relevant elements of the parties' written responses into the final investigation report, include any additional relevant evidence, make any necessary revisions, and finalize the report. The Investigator(s) should document all rationales for any changes made after the review and comment period. The final report will then be shared with all parties, their Advisors, and the Title IX coordinator through secure electronic transmission or hard copy at least ten (10) business days prior to a hearing. The parties are also provided with a file of any directly related evidence that was not included in the report.

The institution strives to complete investigations of this nature within thirty (30) calendar days, though some investigations take weeks or even months, depending on numerous factors, including the nature, extent and complexity of the allegations and the availability of witnesses.

Provided that the complaint is not resolved through Informal Resolution, once the final investigation report is shared with the parties, the Title IX Coordinator will refer the matter for a hearing. The hearing must be scheduled at least ten (10) business days from the conclusion of the investigation – when the final investigation report is transmitted to the parties and the Decision-maker—unless all parties and the Decision-maker agree to an expedited timeline. The Title IX Coordinator will select an appropriate Decision-maker depending on whether the Respondent is an employee or a student. Allegations involving student-employees in the context of their employment will be directed to the appropriate Decision-maker depending on the context and nature of the alleged misconduct.

No less than ten (10) business days prior to the hearing, the Title IX Coordinator or the Decision-maker will send notice of the hearing to the parties, which will contain a description

of the alleged violation, a list of all policies allegedly violated, the time, date, and location of the hearing, and a reminder that attendance is mandatory.

The parties may each submit a written impact statement prior to the hearing for the consideration of the Decision-maker at the sanction stage of the process when a determination of responsibility is reached.

At the hearing, the Decision-maker has the authority to hear and make determinations on all allegations of sexual harassment and/or retaliation and may also hear and make determinations on any additional alleged policy violations that have occurred in concert with the sexual harassment and/or retaliation, even though those collateral allegations may not specifically fall within the Policy. Participants at the hearing will include the Decision-maker, the hearing facilitator/Title IX Coordinator if needed, the Investigators who conducted the investigation, the parties, Advisors to the parties, any called witnesses, and anyone providing authorized accommodations or assistive services.

The Decision-maker will deliberate in closed session to determine whether the Respondent is responsible or not responsible for the policy violation(s) in question. The preponderance of the evidence standard of proof is used in all grievance proceedings.

When there is a finding of responsibility on one or more of the allegations, the Decision-maker may then consider the previously submitted party impact statements in determining appropriate sanction(s). The Decision-maker will ensure that each of the parties has an opportunity to review any impact statement submitted by the other party (ies). The Decision-maker will review the statements and any pertinent conduct history provided by the Dean of Students or the Title IX Coordinator and will determine the appropriate sanction(s) in consultation with other appropriate administrators, as required. The Decision-maker will then prepare a written determination of responsibility and deliver it to the Title IX Coordinator, detailing the determination, rationale, the evidence used in support of its determination, the evidence not relied upon in its determination, credibility assessments, and any sanctions. This report is typically three (3) to five (5) pages in length and must be submitted to the Title IX Coordinator within two (2) business days of the end of deliberations, unless the Title IX Coordinator grants an extension.

Using the determination of responsibility, the Title IX Coordinator will work with the Decision-maker to prepare a Notice of Outcome. The Notice of Outcome may be reviewed by legal counsel. The Title IX Coordinator will then share the Notice of Outcome, including the determination of responsibility, rationale, and any applicable sanction(s) with the parties and their Advisors within 5 business days of receiving the Decision-maker's determination of responsibility. The Notice of Outcome will then be shared with the parties simultaneously. Notification will be made in writing and may be delivered by one or more of the following methods: in person, placed in the student's campus mailbox, and/or emailed to the parties' College-issued email or otherwise approved account. Once mailed, emailed, and/or received in-person, notice will be presumptively delivered. The Notice of Outcome will articulate the specific policy (ies) reported to have been violated, including the relevant policy section, and will contain a description of the procedural steps taken by the College from the receipt of the misconduct report to the determination, including any and all notifications to the parties, interviews with parties and witnesses, site visits, methods used to obtain evidence, and hearings held.

Any party may file a request for appeal (“Request for Appeal”), but it must be submitted in writing to the Title IX Coordinator within 7 business days of the delivery of the Notice of Outcome and/or dismissal of a complaint. A single Appeal Decision-maker will Decision-maker the appeal. The Appeal Decision-maker will not have been involved in the process previously, including any dismissal appeal that may have been heard earlier in the process. The Request for Appeal will be forwarded to the Appeal Decision-maker for consideration to determine if the request meets the grounds for appeal (a Review for Standing). This review is not a review of the merits of the appeal, but solely a determination as to whether the request meets the grounds and is timely filed.

. The Appeal Decision maker will collect any additional information needed and all documentation regarding the approved grounds and the subsequent responses will be shared with the Appeal Decision-maker, and the Decision-maker will render a decision in no more than 7 business days, barring exigent circumstances. All decisions apply the preponderance of the evidence standard. A Notice of Appeal Outcome will be sent to all parties simultaneously including the decision on each approved ground and rationale for each decision. The Notice of Appeal Outcome will specify the finding on each ground for appeal, any specific instructions for remand or reconsideration, any sanctions that may result which the College is permitted to share according to state or federal law, and the rationale supporting the essential findings to the extent the College is permitted to share under state or federal law.

Note that in lieu of the process described above, the College may utilize informal conflict resolution to dispose of the complaint, though both parties must be willing to engage in the informal process. Informal conflict resolution involves the Title IX coordinator negotiating a resolution between the parties or, if the Respondent accepts responsibility for all of the alleged misconduct, implementing agreed-upon sanctions and/or remedies. In the event the parties are unable to reach a mutually agreeable resolution during the informal conflict resolution process, the matter will be referred to the formal investigation or appeal process described above as appropriate.

Procedure When Complaint Does Not Contain Qualifying Allegations of Sexual Harassment (“Process B”)

If a case does not meet the policy definition requirements of Title IX, the case may be dismissed under Process A and reopened under Process B. Process B can also apply to sexual harassment (including sexual assault, dating violence, domestic violence, and stalking, as defined above) when jurisdiction does not fall within Process A, as determined by the Title IX Coordinator. The College uses many elements of the process summarized above in addressing a complaint of sexual or gender-based violations that do not meet the policy definition requirements of Title IX, excluding in particular the use of a hearing.

Rights of the Parties in an Institutional Proceeding:

During the course of the process described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
 - o A prompt, fair and impartial process is one that is:
 - Completed within reasonably prompt timeframes designated by the institution’s policy, including a process that allows for the extension of

timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.

- Conducted in a manner that:
 - Is consistent with the institution's policies and transparent to the accuser and the accused.
 - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
 - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.
 - Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
-

Such training addresses topics such as relevant evidence and how it should be used during a proceeding, proper techniques for questioning witnesses, basic procedural rules for conducting a proceeding, and avoiding actual and perceived conflicts of interest. The Title IX Coordinator, Deputy Title IX Coordinators, Chief of Staff and Chief Business Officer have all received ATIXA Title IX Coordinator and Administrator certification.

3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor, but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.
4. Have the outcome determined using the preponderance of the evidence standard.
5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, "result" means "any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters" and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Protective Measures that the College May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:

Following a final determination in the College's disciplinary proceeding that dating violence, domestic violence, sexual assault, or stalking has been committed, the College may impose a sanction depending on the mitigating and aggravating circumstances involved.

Student Sanctions

- Warning: A formal statement that the behavior was unacceptable and a warning that further infractions of any Northland policy, procedure, or directive will result in more severe sanctions/responsive actions.
- Probation: A written reprimand for violation of the Gender-Based Misconduct Policy, providing for more severe disciplinary sanctions in the event that the student is found in violation of any Northland policy, procedure, or directive within a specified period of time. Terms of the probation will be specified and may include denial of specified social privileges, exclusion from co-curricular activities, non-contact orders, and/or other measures deemed appropriate.
- Suspension: Termination of student status for a definite period of time not to exceed two years, and/or until specific criteria are met. Student who return from suspension are automatically placed on probation through the remainder of their tenure at Northland. This sanction may be noted as a Conduct Suspension on the student's official transcript, at the discretion of the Title IX Coordinator.
- Expulsion: Permanent termination of student status, revocation of rights to be on campus for any reason or attend Northland sponsored events. This sanction will be noted as a Conduct Expulsion on the student's official transcript.
- Withholding Diploma: Northland may withhold a student's diploma for a specified period of time, and/or deny a student's participation in commencement activities if the student has an allegation pending, or as a sanction if the student is found responsible for an alleged violation.
- Revocation of Degree: Northland reserves the right to revoke a degree awarded for fraud, misrepresentation or other violation of Northland policies, procedures or directives in obtaining the degree, or for other serious violations committed by a student prior to graduation.

Employee Sanctions

- Verbal or written warning
- Performance improvement plan
- Required counseling
- Required training or education
- Probation
- Loss of annual pay increase
- Loss of oversight or supervisory responsibility
- Demotion
- Suspension (with or without pay)
- Discharge

Northland College will offer and implement appropriate and reasonable supportive measures to the parties upon notice of alleged sexual harassment and/or retaliation.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the parties to restore or preserve access to the College's education program or activity, including measures designed to protect the safety of all parties or the College's educational environment, and/or deter sexual harassment and/or retaliation.

The Title IX Coordinator promptly makes supportive measures available to the parties upon receiving notice or a complaint. At the time that supportive measures are offered, the College will inform the Complainant, in writing, that they may file a formal complaint with the College either at that time or in the future, if they have not done so already.

The College will maintain the privacy of the supportive measures, provided that privacy does not impair the College's ability to provide the supportive measures. The College will act to ensure as minimal an academic/occupational impact on the parties as possible.

The College will implement measures in a way that does not unreasonably burden the other party. These actions may include, but are not limited to:

- Referral to counseling, medical, and/or other healthcare services ● Referral to community-based service providers
- Altering work arrangements for employees or student-employees
- Safety planning
- Providing campus safety escorts
- Implementing no contact and no communication orders between the parties
- Academic support, extensions of deadlines, or other course/program-related adjustments
- Increased security and monitoring of certain areas of the campus
- Any other actions deemed appropriate by the Title IX Coordinator

Publicly Available Recordkeeping:

The College will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the College to the extent permitted by law.

Victims to Receive Written Notification of Rights:

When a student or employee reports to the College that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the College will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

Sex Offender Registration Program:

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state

of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the College of any such information it receives. Anyone interested in determining whether such persons are on this campus may do so by contacting the Title IX Coordinator at titleix@northland.edu or 715-682-1849. State registry of sex offender information may be accessed at the following link: <https://appsdoc.wi.gov/public>

Timely Warnings and Emergency Response

Timely Warnings

In the event of criminal activity occurring either on campus or off campus that in the judgment of the Emergency Response Team, in consultation with the Title IX Coordinator and Campus Safety as appropriate constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- Campus Safety, 715-682-1399

The College has communicated with local law enforcement asking them to notify the College if it receives reports or information warranting a timely warning.

Emergency Response

The College has an emergency management plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to:

- Pandemic or other contagious disease outbreak
- Severe Weather Warning
- Natural Disaster
- Civil Disorder
- Structure or Wildland Fire
- Dangerous or Serious Crime in Progress or Other Police Emergency
- Active Shooter
- Suspicious Person Alert
- Bomb Threat
- Power Outage
- Chemical/Nuclear/Biological Spill or Other Hazardous Materials Incident
- Airplane Crash

The College has strong relationships with local health authorities in consideration of community health concerns of a pandemic or contagious disease outbreak. The College has

communicated with local police requesting their cooperation in informing the College about situations reported to them that may warrant an emergency response.

Students, staff and visitors are encouraged to notify the Campus Safety Office at Campus Safety Office of any emergency or potentially dangerous situation.

The Office of Campus Safety is a primary resource in confirming that an actual emergency or dangerous situation exists.

The Emergency Response Team is comprised of a cross-functional team of Northland leaders. The purpose of this team is to confirm and respond to emergency situations. This team uses an automated phone application that allows the team to come together at a moment's notice to confirm that an emergency exists and then to enact the emergency response plan measures for that particular event.

Once the emergency is confirmed and based on its nature, the Emergency Response Team, the Title IX Coordinator and/or the Chief Business Officer will determine the appropriate segment or segments of the College community to receive the emergency notification and any follow-up communications. Marketing Communications will be called upon to assist in the delivery of the message.

The College will, without delay, and taking into account the safety of the community, determine the content of the notification, initiate the notification system, and disseminate a campus-wide notice, unless issuing a notification will, in the professional judgement of the responding authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

All messages should include the type of situation, the location of the situation, the time and date, instructions for the recipient and an additional method for the public to obtain information. The following individuals will routinely be involved in making these determinations/decisions:

- Campus Safety
- Chief of Staff
- Dean of Students
- VPAA & Dean of Faculty
- Chief Business Officer
- Executive Director of Information Technology & Facilities
- Title IX Coordinator

The Chief Business Officer will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

In addition to the notification of the on-campus community, the College will also report any significant emergency or dangerous situation to the local community. The initial and all follow-up reports will be executed by the Office of the President. All communications to local and regional media will be managed by the Marketing Communications office on behalf of the President. This will ensure Northland College sends consistent information to those off campus.

Methods for Issuing Timely Warnings and Emergency Notifications

The method(s) listed below may be utilized when the College issues a timely warning or emergency notification to the campus community.

Method	Sign-Up Instructions
Email	All College students and employees are assigned a College email address
Emergency Alert Notification System (E2Campus)	More details can be found at https://my.northland.edu/life/be-safe/e2campus/

Testing & Documentation

Northland College Emergency Alert Notification System equipment is tested at least once per calendar year to ensure it is working properly. At least once annually the College will conduct a full activation of the Emergency Alert Notification System which will be advertised to Northland College. The Northland College emergency response plan is typically activated at least once per year depending on the nature of events on campus. If the response plan is not activated by an actual event in a calendar year, the plan will be tested as a table top or field exercise.

The Executive Director of Information Technology & Facilities maintains a record of these tests and training exercises, including a description of them, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the College will distribute to its students and employees information to remind them of the College's emergency response and evacuation procedures.

Missing Student Policy

Northland College takes student safety very seriously. The Higher Education Act requires that all institutions that provide on-campus student housing must establish a missing student notification policy and procedure. This policy establishes the procedures for the College's response to reports of missing students.

This policy applies to students who reside in campus housing in all residential living spaces. For purposes of this policy, a student may be considered to be a "missing person" if the person's absence is contrary to their usual pattern of behavior and without having informed roommates, friends, or residential life staff of the change.

At the beginning of each academic year, students submit emergency contact information to the institution. Each residential student will also be asked to voluntarily provide contact information, via the confidential contact card, of a person to notify in the event they are reported missing while enrolled at Northland at their opening hall meetings. This is in addition to the general emergency contact person, but they can be the same individual for both purposes. The confidential contact card will be filled out by the student and returned to Residential Life; the contact information will be kept in the Residential Life office and will be updated annually.

- Students age 18 and older and emancipated minors will have the opportunity to designate an individual or individuals to be contacted by the College *solely* for missing student purposes. This contact person can be, but does not have to be, the same person listed as an emergency contact.
- Students under the age of 18, who are not emancipated, will have their parent or custodial guardian notified as required by the law. Any additional contact person listed on the confidential contact card will also be notified.

General Procedure for a Missing Person

Any individual who has information that a residential student may be a missing person must notify Campus Safety 715-682-1399 or 715-209-6971 as soon as possible.

1. Campus Safety will collect and document the following information at the time of the report from the reporting person and from any known student's acquaintances:
 - The name and relationship of the person making the report
 - The date, time, and location the missing student was last seen
 - A physical description of the student including clothes last worn
 - The general routine or habits of the suspected missing student including any recent changes in behavior or demeanor
 - Any contact information for the missing student
2. Every report made to Campus Safety will be followed up with an immediate investigation once a student has been reported missing.
 - If a residential student has not been seen for more than 24 hours, Campus Safety will contact the Dean of Students and the Director of Residential Life in order to update them on the situation and receive any additional consultation. The Dean of Students will ascertain when/if campus leadership needs to be contacted or if the Emergency Response Team needs to meet.
 - No later than 24 hours after determining that a residential student is missing, the Dean of Students will notify the following that a student is presumed missing
 1. the individual(s) listed on the confidential contact card (for students 18 and over and emancipated minors)
 2. the parent(s) or custodial guardian(s) and the individual(s) listed on the confidential contact card (for students under the age of 18 who are not emancipated)

Upon notification that a student may be missing, Northland may use any or all of the following resources to assist in locating the student:

- Call the student's cell phone number
- Go to the student's room and perform a welfare check
- Secure a current student ID picture

Policies on Portable Appliances, Smoking and Open Flames

Candles, Oil Lamps & Incense

All candles, oil lamps, incense or other items that produce an open flame (whether lit or unlit) are not permitted in any residential housing building including townhouses, apartments and Gaia's Cradle. Candle warming devices are allowed if they come equipped with an automatic on-off switch. If a student wishes, incense will be provided for meditation/religious use in the Spiritual Life Center on the fourth floor of Wheeler Hall.

Electrical Appliance Information

Cooking in the residence hall rooms is discouraged, as the residence hall rooms are not designed for this purpose. Popcorn poppers, hot pots and similar devices (i.e., with no open burner/coil and limited wattage) are acceptable. Devices such as hot plates, Fry Daddy's, electric frying pans, fondue pots, or other similar appliances which require grease and/or open flame for cooking are not permitted. Microwave ovens are provided in each residence hall kitchen, and those that require 800 watts or less are allowed in the residence hall rooms. Any appliance used in the residence halls must be UL listed and be in good condition with no broken parts or damaged cords. If you are unsure about an appliance that you have, contact the Office of Residential Life for clarification. Only compact refrigerators are permitted in the residence hall rooms.

Electrical clocks, radios, stereos, televisions, blankets, razors, microwaves, George Foreman grills, personal computers, and small refrigerators may be used in resident rooms. The only

cooking appliances permitted are coffee makers, microwaves, and appliances with self-contained heating units. Each hall provides kitchens for extensive cooking. Possessing or using hazardous electrical appliances such as those with exposed heating elements is not permitted in residence hall rooms.

We recommend the use of surge protectors for all electrical equipment. Residents may not alter the electrical systems or equipment in their rooms/apartments/townhouse. Residents of the MELLC apartments, townhouses and Gaia's Cradle should speak with the Office of Residential Life to request to use any special appliances in their unit.

Fire Hazards

The following are considered fire hazards and may not be stored or used in residence halls or housing units:

1. Any type of fuel (camp stove, gas, kerosene)
2. Any machine/equipment which requires the above to operate
3. Homemade lofts or decks
4. Anything blocking windows or doorways (i.e., tapestry hung in doorway, bicycle hung in front of window, etc.)
5. Bicycles, etc., in hallways and lounges
6. Halogen/torch style lamps. Due to the high level of danger associated with this style of light as well as the extreme energy inefficiency of halogen lamps, Northland College does not allow this type of fixture in residence hall rooms. Any student found in possession of this style of lamp will be required to remove the lamp.
7. Cut trees or bushes (i.e., Christmas trees)
8. Hallways and stairwells must remain clear of resident items to allow for a safe fire exit. Items stored inappropriately will be removed without the owner's consent.
9. Incense, candles, oil lamps, and other open-flame objects are not permitted in residence hall rooms, housing units or living areas
10. Anything that can be reasonably determined to be a hazard by the Director of Residential Life

Flammable Liquids, Chemicals, Open Flame, Fire Hazards

The possession and use of any harmful chemicals, flammable liquids/lighter fluid, firecrackers, and/or other explosives in the residence halls or immediate vicinity is prohibited.

Health and Safety Inspections

The Office of Residential Life and Campus Safety conduct safety inspections of every residence hall room each semester. In addition, Campus Safety and the Facilities/Maintenance Office conduct safety inspections of all facilities along with a member of the Ashland Fire Department. The inspections include a visual examination of electrical cords, sprinkler heads, and smoke detectors. In addition, each room is inspected for the presence of prohibited items such as candles, halogen lamps, open coiled appliances, pets, etc. Rooms are also inspected for prohibited activities such as smoking in the rooms, removal of door closers, unauthorized door locks, removal of exterior window screens, and tampering with emergency equipment. The inspections also include a general assessment of cleanliness

of the room, including food and waste storage. Residents are notified prior to inspection when the date and time of inspection will occur. Notice of health and safety checks are posted in the common areas and/or via email to your Northland account 48 hours before they are to be initiated in a building. Also, rooms are typically checked during interim periods when the residence halls are closed. Residents will be held accountable if other policy violations are noticed during these health and safety inspections. All areas of your room will be checked. Conditions warranting follow up are turned over to the Office of Residential Life.

Fire Evacuation Procedures

If a fire is detected or a fire alarm sounds, evacuate the area. Every room on campus is provided with a map highlighting evacuation routes for your location. Please review and proceed. Isolate the fire by closing doors as you leave. Do not attempt to extinguish fire yourself.

The campus fire alarm systems alert community members of potential hazards. Community members are required to heed an activated alarm system, and evacuate a building immediately. Use the nearest available exit to evacuate the building. Gather outside at the designated area notated in the emergency posting for all facilities. Community members should familiarize themselves with the exits in each building.

When a fire alarm is activated the elevators in our buildings will be recalled to a "safe floor" and will not activate after the alarm is sounded. Occupants should use the stairs to evacuate the building.

Fire Education and Training Programs

All first-year students receive fire safety training when they arrive at Northland College at the beginning of the academic school year through the Residence Life staff. All residential staff receive annual fire safety training at the beginning of the academic year. Campus Safety serves as an additional resource for educating the entire campus community.

Emergency Evacuation Drills

The supervised scheduled drills at campus residence halls are facilitated by the Office of Residential Life in cooperation with assigned college personnel and Campus Safety. Various drills are conducted throughout the year to familiarize students, faculty and staff with the Emergency Procedures and individual roles. Each residence hall, the townhouses, and the college-owned student housing has two fire evacuation drills each year.

Fire Alarms

When an alarm is sounded, it should be treated as an emergency. **It is in violation of campus policy for any person to not respond to a fire alarm.**

During an alarm:

1. *Put on shoes/coat*

2. *Close window and open curtains*
3. *Touch door to see if it is hot, if so, stay in room and try to attract attention through window*
4. *If door is not hot, turn off lights and other electrical appliances*
5. *Close your door, but leave it unlocked*
6. *Exit building*
7. ***Remain outside until HRA, RA, Campus Safety or fire department give the all clear***

Fire Drills

Each term, the Campus Safety staff will conduct fire drills to help you prepare yourself for a potential fire alarm/fire. Residents are expected to abide by the directions of the staff during fire drills and fire alarms

Fire Equipment

It is illegal to tamper, in any way, with firefighting equipment (extinguishers and hoses, emergency lights, exit signs, or smoke detectors). To do so unnecessarily endangers others in the event of a crisis. All violators of this policy will be prosecuted in accordance with the law. Students who reside in an area in which a smoke detector is disconnected, turned off or tampered with, causing the device to malfunction, will be referred for disciplinary action and charged for repair/replacement of the device. Each smoke detector is equipped with a battery backup. In the event that a battery charge is low, a beep will be heard. Please notify an RA or HRA immediately to facilitate the changing of the battery.

Reporting Fires

The College is required to disclose each year statistical data on all fires that occurred in on-campus student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency situation, ensure your own safety and then please call 911.

There may also be instances when a fire is extinguished quickly and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact the Office of Campus Safety at Office of Campus Safety. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

Plans for Future Improvements

We have upgraded the fire alarm systems in our residential halls and will continue to monitor for other fire safety improvements.
