Equipment Rental and Sale Catalog

Winter & May 2022

Logistical Support Center Equipment Rental & Sale Catalog

Winter & May 2022

This catalog lists all equipment that is available for rent or sale through the Logistical Support Center (LSC). The LSC serves all Northland academic courses and SOEI Outdoor Pursuits programming by providing equipment and rations planning and packing.

Using this Catalog:

In this catalog, accessories are listed below an object, indented. Accessories that are provided with the item are not italicized and do not cost extra. These are shown for information but can be changed or excluded in most cases. Optional accessories are italicized and their price is listed to the right. Quantities for optional accessories should be specified like the items themselves. Sale items are noted with (Sale) after the price. They are priced per item unless otherwise noted. Daily rates are listed for all rental equipment. If a rental is for seven or more consecutive days a discount of 55% will be applied to the rental price.

Some items are held by the Outpost or Nordic Center and transferred to the LSC when they are needed for a class rental. These items are noted with a dagger (†) and when rented for seven or more consecutive days are discounted at a rate of 25% of the daily rate to reflect the pricing scheme of these rental centers. The daily prices at these rates are listed on the far right for these items. All store transfers are handled within Outdoor Pursuits and all equipment, excluding boats, is picked up by the customer from the LSC. Boats are picked up from the boat shed, located next to the baseball fields, with the assistance of an LSC technician.

Sizing information is provided at the end of the catalog for items marked with an asterisk (*).

We believe that when participants have a stake in maintaining the equipment, they will treat it better. As such we encourage participant groups to be involved in the deissuing and cleaning of their trip's equipment. Our staff can guide groups through the process of cleaning and putting equipment away. We also understand that not all groups will have time for this. In these cases, the equipment can simply be returned to the LSC, and our staff will take care of the rest.

Placing an Order

When you are ready to begin a rental order please contact us at soeilogistics@northland.edu.

In the email please provide us with course code and name or program name, the dates you will be using the equipment as well as the dates you would like to pick up and drop off the equipment. Then list all of the equipment as well as optional accessories with quantities that you would like.

Fees (per item):

Late Fee: 50% Daily Rental Price per Day

Cleaning Fee: \$5.00

For items returned excessively dirty. Routine cleaning is not charged.

Repair Fee: \$10.00

For items damaged due to missue or abuse. Normal wear and tear to equipment is covered.

Destroyed/Lost Item Fee: Wholesale Price + Shipping
