SOEI Outpost Equipment Rental & Sale Catalog

May, Summer & Fall 2022

This catalog lists all equipment that is available for rent or sale through the Outpost. The Outpost serves the Northland campus community and Chequamegon Bay Area public by providing high quality, affordable outdoor equipment rentals.

Using this Catalog:

In this catalog, accessories are listed below an object, indented. Accessories that are provided with the item are not italicized and do not cost extra. These are shown for information but can be changed or excluded in most cases. Optional accessories are italicized and their price is listed to the right. Quantities for optional accessories should be specified like the items themselves. Sale items are noted with (Sale) after the price. They are priced per item unless otherwise noted. Daily rates are listed for all rental equipment. If a rental is for seven or more consecutive days a discount of 25% will be applied to the rental price.

Boats are picked up from the boat shed, located next to the baseball fields, with the assistance of an Outpost attendant or Logistical Support Center technician.

Sizing information is provided at the end of the catalog for items marked with an asterisk (*).
